

Disclosure of ANBI documents 2022

ANBI Name: Animal Protection Aegina and Agistri

RSIN Nr: 8261 90 480

Contact details: info.animalprotectionaa@gmail.com

Mission: APAA's mission is to rescue, care for and seek homes for stray dogs and cats on the islands of Aegina and Agistri and keep the stray animal population under control via spay and neuter programs.

Policy: Our policy objective is to improve standards of welfare for kept animals, reduce abandonment by promoting responsible pet ownership and increase awareness on animal welfare issues.

Our policy plan is the following:

- Maintain a no-kill shelter to take in stray dogs
- give them proper medical treatment and decent housing (large pens where 2-3 dogs can live together)
- feed them raw meat and biscuits for optimum health
- give each dog time in the large free-run areas, as well as training to increase their suitability for adoption.
- Help dogs and cats on the street whenever possible (spay/neuter – feeding stations) to keep them healthy
- Increase awareness and engage local citizens through fostering programs, neutering programs, adoption programs, shelter open days and fund raising events, communicated through social media, personal contacts and our info center, charity shop in Aegina town
- provide guidance to the Municipality to develop action plans to promote responsible pet ownership (i.e. Subsidize microchipping and neutering of owned pets)
- Encourage the police to prosecute animal abuse and neglect.

Board: By the end of 2022 APAA's Board consists of five members. They are Irene Molfessi – President; Katerina Athanasiou – Vice-president; Elizabeth Koubena – Secretary; Karin Adrio-Appel – Treasurer and Maria Christina Kalogera – Member. Alternate members are Manuela Tillack-Luebke, Julie Oldroyd and Danae Seeman.

Remuneration Policy: APAA's remuneration policy is based on the recognition and reward of each individual's contribution to the organization. Board members are only reimbursed for out of pocket expenses.

Overview of activities: All activities of APAA are in line with the policy objectives as described above. For more information, click [here](#) [English] or [here](#) [German].
